THE FORCE OF THE FOREST

ROOTED IN SUSTAINABILITY, WRAPPED IN PURPOSE.

Orto is a company dedicated to crafting paper packaging, established in 2014.

As an integral part of the Lirimi Group, Orto excels in producing a diverse array of packaging solutions marked by excellence in quality, innovative approaches, and a steadfast commitment to sustainability. With an unyielding dedication to delivering superior quality, innovation, and environmental consciousness, the company specializes in creating a broad spectrum of paper-based packaging tailored to meet the distinctive requirements of the industrial and food sectors.

Our mission is to fashion high-caliber products that cater to the unique needs of our clients, consistently demonstrating reverence for the environment in which we reside. We cherish innovation, uphold integrity, and shoulder responsibility towards both the environment and our local community.

INTELLIGENCE,
WE COULD RISE UP
ROOTED LIKE TREES!

The natural factors of the environment directly influence human life; they are fundamental conditions for determining development and daily function. Damage to flora and fauna brings deterioration to the state of the environment and the quality of life, while conservation means an environment that represents humanity itself and ensures continued existence.

Colors are nature's smile, while nature is our smile!

PAPER SACKS

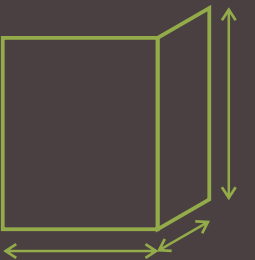

Our Paper Sacks are ensured to be consistently crafted with care and passion, providing an excellent choice for numerous applications while offering a sustainable and ecologically effective alternative.

Designed for multi-purpose use and recyclability, the containers are made from high-quality materials always suitable for the environment, ensuring their sustainability regardless of intensive use.

One of the key advantages of our containers is their ability to be used more than once. This not only contributes to environmental protection but also makes them an economical and practical choice for businesses and consumers alike.

Paper Sacks come in a wide range of sizes, making them suitable for every need. From smaller containers for personal packaging to larger ones for heavy-duty cargo transportation, we offer a versatile selection for every dimension and weight. With their adjustable capacity, the paper sacks we produce are ideal for carrying weights ranging from 1 to 50 kg, making them suitable for a variety of products and uses.
